

inform, support and liaise

The Socio-Psychiatric Service offers support, counselling and guidance for people with

- mental impairments
- addiction problems
- psychological and intellectual impairments

as well as relatives and interested individuals.

Experienced social workers will be at your disposal, and on request a doctor can also be consulted.

We recommend that you consult as by telephone in advance to make an appointment.

In special cases house visits are possible. Please do not hesitate to contact us!
